## Childcare Centre Philosophy (CSS 1)

Outlets childcare centre aims to provide high quality childcare in a positive and nurturing environment that is secure and stimulating.

The partnership that exists and develops between careers and families is crucial and of utmost importance in providing the best quality care for each individual child.

We believe that childhood is a unique and valuable stage of life and are committed to the care, overall development and education of each and every child.

We are committed to establishing a culturally safe environment in which the diverse and unique identities and experiences of Aboriginal children and young people are respected and valued.

We believe that children learn through play, using hands on approach and that social interaction is a very important aspect in their learning and the building of confidence, empathy and self-esteem. Above all children learn when having fun, feeling valued, making friends and finding their own place within society.

## Children’s Development

Coming to this Centre can be an exciting and stimulating experience for your child, full of variety, creativity and social interaction. Through play (participation and involvement) this Centre believes every child is entitled to high quality care and is committed to the overall development of each and every child. Our program particularly aims to develop their emotional, social, cognitive, language, creative and physical development.

*\*Refer to **Fees Information Policy - Addendum B** for more information and **CCS information***

Outlets uses Qikkids software and Kiosk to sign in and out for your child/ren

Information from our enrolment form is upload to Qikkids which is live with Commonwealth Social Services and Child Care Subsidy.

Parents are required to sign their children in and out of each session on our ipad-Kiosk (*refer to office re: CoVid procedures*) Parents will sign in with their Phone number and PIN (double security)

This record is used for attendance checks, CCS attendance/payments and in an emergency evacuation, so it is imperative that you comply with this procedure.

As we are an educational centre, that provides recreational classes and pre-accredited courses we would appreciate it if all parents/ Guardians are mindful of the behavior of your child/children during drop off and pick up times.

## Settling into Childcare

The introduction into childcare can be stressful and difficult for some parents and children. Separation and anxiety are understandable, we are here to ensure both you and your child/ren have a smooth transition.

The children's welfare and happiness are of great priority to staff.

The staff at Outlets recognise that each individual family will vary in their needs and do their utmost to make this transition as smooth as possible for all.

### Below are some helpful hints for families settling into childcare

1. Familiarise your child with the environment and people within the setting.
2. Provide a comforter for support; this can assist in making the child feel more secure.
3. If your child is unsettled, make your visits shorter and build up until your child has gained trust and familiarization with the environment.
4. Communicate and interact with staff effectively – discuss the program and offer suggestions of what your child engages in and likes to do so staff can add to program.
5. The positive interaction between staff and families can produce a positive role model for the children.
6. Try to talk to the children at home about childcare, mentioning the names of staff and various activities they can do or have done.
7. Let the staff know of effective settling methods you use at home.
8. When you are ready to leave it is best to say goodbye to your child then leave.

Try not to hesitate even if your child is upset, reassure them that you will return later.

At first some children will protest strongly while others may not.

Some may even take a day or two then react. This occurs because they have grasped that you will be leaving.

The important thing to remember is that children do learn that you do return and that they do have fun while they are here.

Persevere and be consistent, the staff are more than willing to offer individual suggestions and discuss any concerns you have.

Child Care is here for your child/ren to interact, team build, experience and learn with their own peers.
